16. TAKE ME TO THE COUNTRY
17. TAKE A WHIFF ON ME*
(traditional)

All songs composed by James Talley,
and published by Rounder Music, BMI, except*

Every so often the American entertainment culture mines a treasure. James Talley's interpretation of the country's sociological landscape through simple and revealing storytelling is a melodic treasure chest we can now enjoy once again.

The spirit of the songwriting is from the heart and of the earth. It's a Woody Guthrie snapshot of many good people trying to find their way. Listen and you'll hear about the world around you. Listen carefully and you'll learn something new about that world. But most of all enjoy this rich American treasure.
